About KBIS

What we do

KBIS Company Limited is positioned ourselves as solution provider by integrating & combining whole production facilities to custom your needs.

We are committed to the quality design of elegant living room, bed room, dining room & bathroom furnishings for the home.

We design and manufacture the industry's largest selection of elegant and high performance furniture, homewares and bathroom accessories for every living room, bed room, dining room & bathroom in the home.

From traditional, transitional to contemporary, we have a style to match any decor and personal taste. We are a customer-focused company.

Everything we do centers on ensuring your complete satisfaction

By applying the most current advances in computer-aided design with Pro-E & Solidworks software, Our engineers, both domestically and abroad, work closely with each customer to create engineering specifications for a comprehensive range of products.

By leveraging these strengths, coupled with our overseas resources, this rapidly growing division serves the needs of the manufacturing community by supplying exceptionally high quality, value engineered products direct form the Far East.

We currently serve major markets in the food service, industrial, commercial plumbing.

We consider every nuance, form distinctive style to impeccable performance, to ensure each of our furniture, homewares and bathroom accessories are designed to be uncommonly exquisite.

A unique balance of grace and precision combined with a dash of the unexpected. That's what you'll find with us.
